

## DISCLAIMER:

- ✚ The list is not exhaustive and may not include organizations that have been assessed to certain SEI levels or are undergoing assessments.
- ✚ OutsourceMethods does not certify the validity of any assessment
- ✚ Always ask the following questions:
  - Is this a project based assessment or a company assessment?
  - Is this an internal assessment or was the assessment done by an independent assessor?
  - Is the assessor licensed by SEI or authorized by SEI to do an assessment?
  - How frequently is the assessment done?
  - SEI requires the Company press release to carry the following words: "the appraisal was performed by an SEI authorized lead appraiser". An incorrect statement would be that the "organization is SEI or CMM® certified". Check the press release pertaining to achieving any level of certification.
- ✚ Finally there is no guarantee that any certification can lead to the successful accomplishment of a project.
